Work experience

Technical Product Manager | KLAYOO s.r.o. | 01/03/2021 - 24/09/2025 | Prague, Czechia

Design and development of user interfaces in HTML, CSS, and JavaScript, with a focus on responsive and accessible design.

Creation and optimization of custom frontend components that connect generative AI workflows with company tools.

Building and managing ComfyUI workflows and interfaces so that non-technical teams can also work with them.

Selection, testing, and implementation of frontend libraries, frameworks, and tools that improve productivity and user experience.

Leading and mentoring the team and organizing work.

Maintaining design systems, style guidelines, and documentation to ensure a consistent visual presentation of the company.

Experimentation and integration of generative AI outputs (images, visual elements).

Process automation, including dating application and Instagram content publishing through PhoneBox, with full setup.

Freelancer | 09/12/2021 - Current | Praha, Czechia

I design and create websites that help clients attract more customers while representing their company.
